

Blue Lagoon Cruises

Fiji Island Cruise

7-night Cruise
2025 June 27 - July 4

CRUISE THROUGH SPECTACULAR FIJI

Fiji, a country of more than 300 incredibly varied and scenic islands, is best discovered and experienced by cruising amongst them

The small size of Blue Lagoon Cruises' cruise ship, the M.V. Fiji Princess, is just one of the reasons why a cruise with us is so special. Measuring 179 feet (55 metres), she can access bays and islands that would be impossible to reach in a larger ship – we can get so close to shore that we can tie off to a coconut tree and you could swim to the beach.
